

Wine Couture is the UK's first wine club for women. It aims to give women the chance to discover more about wine through tasting events tutored by female sommeliers, winemakers and Masters of Wine, gourmet dinners, tours and a host of other complementary lifestyle occasions.

Wine Couture wants members to feel the club is their personal sommelier, helping them to select wines from the online shop for particular occasions. This is made easier through members-only wine boxes tailored to special occasions or seasons.

You don't have to be a member to come along to an event, but joining Wine Couture gives you access to all the club's benefits, invitations to exclusive tastings, discounted prices on all events, guidance on food and wine matching and lots more.

Membership of Wine Couture costs just £49 a year. Go to www.winecouture.co.uk

Wine Couture's Managing Director Ruth Trigg says

'We are delighted to be involved with 1230 TWC and Ovacome's exciting charity event and help to support such a worthy cause. Sandra and I have been enthusiastic members of 1230 for some time and are happy to contribute our exclusive German Sparkling Riesling Sekt as a welcome drink to add to the magical moments of this wonderful evening.'
